NOTICE of WORK

Date: 5/11/16

To: Businesses and Residents

From: Martin Lee P.E.
Public Works Engineer

Subject: Manhattan Drive Slope Improvements and Work on Route 127 Bike Path

The Department of Public Works (DPW) is about to begin repairs to the Manhattan Drive Slope north of the intersection with North Champlain Street. This notice is to alert residents and businesses that will be impacted by the project, provide information about the activities, and identify the contact at DPW should you have any questions and concerns.

What is planned: The Manhattan Drive Slope Improvements project will include installation of a stone stabilized slope, a new retaining wall around the stormwater outlet, new curbing and a new guardrail to replace the concrete jersey barriers.

To complete the planned work it is necessary to close the Route 127 Bike Path during construction, as it will be used by construction vehicles throughout the project to access the site. **All pedestrians and bicycles should follow the detour maps** provided at the north end and south end of the bike path. Please check here for updates on the bike path detour:
<http://enjoyburlington.com/2016/05/11/summer-construction/>

Construction traffic control signs/flaggers will be used to direct vehicles and pedestrians on North Champlain Street and Manhattan Drive during construction.

When: Work is scheduled to start the week of **May 16, 2016** and continue for approximately 3 months.

Stay Informed: If you would like to be kept up to date on changes, delays and other occurrences please Like us on Facebook! Or check out our Construction Updates page at:
